

Identipet
SINCE 1989

Identipet is more than a microchip provider, we have the biggest database in SA and now we're offering even more: A subscription plan to help you take even better care of your pets.

INTRODUCING **IDENTIPET PROTECT**

Once your pet is microchipped, sign-up to Identipet Protect for only **R89** per month!

This monthly payment will unlock the Pet Rescuer Network™ (PRN) and give you access to in-app features plus a pet cremation through Legacy Pet Crematorium.

- PRN is an SOS activation service on our Identipet App. In the event that your pet goes missing a customized alert goes to a network of professional and volunteer pet rescuers in your area.
- In-app features on our new upgraded App coming soon, which will include: E-VAC, electronic vaccination card, microchip certificate and BetterPet™ management system.
- When you sign-up you will receive a R300 voucher to the Identipet E-Store for a range of pet tech products such as microchip activated pet doors and feeders. You will also receive a 15% discount to Jelico Pets, stylish bespoke pet furniture.
- 20% of your sign-up fee we will give back to the Pet Rescue Community.
- After 3 months on Protect, if any of your pets pass on, they may get a dignified, professional cremation by Legacy Pet Crematorium, trusted by vets for over 25 years (for up to 4 pets). You may upgrade to a Return of Ashes plan at R159 per month.
